INTRODUCTION

A warm welcome to Eden Montessori, an independent, dual medium school with Christian values. Eden Montessori Pre-school was established in 2011 by the current Head Directress, Mrs Marie Wurdeman. The dream to extend the school to accommodate an Elementary School was realised in 2016 when a group of investors supported the idea to achieve this goal.

Eden Montessori School was formed and now comprises of a Pre-school and Elementary School.

We provide scope for the development of learners in ways not possible in a traditional learning environment, by focusing on the individual, allowing them to explore and be innovative in every area of their development, and providing them with freedom within boundaries, by applying Dr. Maria Montessori's educational philosophy and methods.

The Eden Montessori Curriculum covers the requirements of the National Curriculum Statements, using an integrated approach to attain the outcomes and assessment standards set by the Department of Education.

Our school is governed by a Board and managed by the Head Directress, Mrs. Marie Wurdeman, supported by a qualified team of educators and assistants.

MONTESSORI EDUCATIONAL PRINCIPLES

The purpose of a school is to be an active sharer of objective knowledge to facilitate the person's understanding and appreciation of:

-  The Self, with its physical, social, and emotional needs;
-  Our fellow human beings: the core social values that allow humans to live and interact productively in society, strengthening social bonds, while avoiding actions that tend to weaken them;
-  The natural world, how it is constituted, how we interact with it, and our symbiotic relationship to it.

At Eden Montessori our approach to fulfilling our obligation as shares of knowledge, is by implementing the ethos, philosophy and methods developed by Dr Maria Montessori more than a 100 years ago.

Some of the core principles of Montessori are:

-  Kindling a lifelong love of learning
-  Child centred education
-  A great respect for the child
-  Supporting and growing a child's need for independence
-  Instilling life skills in the child, so that they leave school well prepared

Montessori is a way of living!

SCHOOL VISION

To provide exceptional Montessori education in the Afrikaans and English languages so as to nurture and inspire every child to be the best they can possibly be.

SCHOOL MISSION

 To provide a coeducational  environment shaped by Christian principals.

-  To ensure that our children leave school well prepared for life.
-  To keep Maria Montessori's teaching centre to all that we do, and endeavour to be a true Casa dei Bambini or "Children's House", as she envisioned it.
-  To treat the children entrusted to us, our peers and our environment with care and respect.
-  To be committed to maintaining a balance between spiritual, academic, cultural and outdoor activities in order to encourage well rounded development of our learners.
-  To recognise and develop the uniqueness of each learner.
-  To create a safe, disciplined environment conducive to learning.
-  To never compromise on the quality of Montessori education we provide.

SCHOOL CORE VALUES

CODE OF CONDUCT – LEARNERS

The purpose of the code of conduct is to promote a disciplined and responsible behaviour, coupled with an understanding of and respect for the rights of learners and staff members.

To safeguard the integrity of the school, so that it provides a safe and harmonious learning environment.

To ensure that learners are aware of the possible consequences of not adhering to the code of conduct.

An educator at the school shall have the right to control and discipline learners in accordance with the code of conduct during the time that the learner is in attendance at the school or during any school activity.

At Eden Montessori we expect our learners to:

-  Always greet staff, parents and visitors.
-  The classroom is a working environment. A child may choose not to work temporarily, but may not disturb others who are working.
-  A Directresses' presentation may not be interrupted. If you have a question you place your hand on the Directress' shoulder and wait patiently until she is finished.
-  You may talk about work in such a way as to not disturb others.
-  You may walk around the class with the purpose of choosing work.
-  You must inform the Directress if you want to leave the room.
-  The school is a community of children and adults who respect one another always and treat ALL people, animals and the environment with respect.
-  If you see litter pick it up and put it in the appropriate bin.
-  Always arrive on time for school.
-  We expect our learners to treat others with respect and curtesy at all times, and they may expect the same from the staff.

-  We welcome learners to express their opinions verbally or in writing in a civil and non-confrontational manner. Rudeness and personal attack will not be tolerated.
-  Learners may expect a reasonable level of privacy regarding bags and personal belongings, but may under no circumstance be in possession of any prohibited items on the school property. The school reserves the right to search a students' bag and person, should there be suspicion of him or her being in possession of any prohibited item.
-  Learners may request a Peace Table meeting for any complaint or grievance they might have, be it with a fellow student or adult, to be addressed and resolved.
-  When a learner is off campus and in school clothes, it is expected of them to at all times act in accordance with the school Code of Conduct and Etiquette.
-  In accordance with Montessori philosophy, all children and staff can expect to be free of any form of discrimination or harassment, and any such instances may lead to immediate suspension from the school.
-  Bullying in any form, be it physical, victimisation, intimidation, verbal or cultural intolerance will not be tolerated.
-  If it was found that an Elementary School child has purposefully damaged or broken a piece of equipment, the parent will be held responsible for the cost of replacement.
-  Avoid using offensive language, this includes speech which is obscene, blasphemous, sexist or racial.

RIGHTS AND RESPONSIBILITIES – PARENTS

When choosing to enrol your child into Eden Montessori, you choose to have your child educated according to the teachings of Dr. Maria Montessori. This approach to children might be very different to what you have experienced as a child, but in choosing Montessori, you wish to give your child a head start in life. For your child's continued growth and success at school, it is imperative that parents carry out the same ethos at home as much as possible.

As our partner in your child's education we request you to please:

-  Enquire about the progress of your child in a requested interview.
-  View the child's work at regular intervals.
-  Treat all children with respect, both verbally and physically.
-  Treat all staff members with respect, and to make any requests from staff in a polite manner.
-  Not walk into a classroom without an appointment (As this disrupts the focus of the children).
-  Not make negative comments about any child or their parents when on the campus.
-  Refrain from spending an extended amount of time when dropping off or collecting your child.
-  Show respect for the timetable at school and endeavour at all times to be punctual both in dropping off and collecting your child.
-  Help us create a flow of work by dropping and collecting your child by the door and not disturbing children if they are still in class.
-  Inform the administrative staff immediately of any changes in your address, telephone numbers and medical details as soon as possible.
-  Respond to concerns addressed by the Directress and/or Head Directress regarding medical, remedial, therapy and/or anti-social behavioural issues that may arise with regard to the child. This should be done within the agreed time period.
-  Ensure that your child abides by the  school Code of Conduct.

- 🌳 Inform the school of any changes in circumstances, which may affect the child's performance or behaviour.
- 🌳 Inform the school if the child must leave the school premises during school hours.

SPORTS PHILOSOPHY

Physical exercise and development is an essential tool towards the development of the whole child, and an aid to the academic and social growth of the child. As Maria Montessori stated, "Watching a child makes it obvious that the development of his mind comes through his movements."

As such, we encourage children to take part in extramural sports activities.

BIRTHDAYS

Birthdays are important milestones in a child's life. Birthdays are celebrated at school with a Birthday Ring. To celebrate the special day parents may provide a birthday cake or small baked treats like popcorn and muffins to share amongst the class. Please do not send party packs. We encourage healthy treats as far as possible.

We encourage parents to donate a book to the school on your child's birthday, if you wish to. Please write a special message in the book so your child can leave the book as a memory to the new generations of Eden Montessori children. The book will be introduced and read on your child's birthday.

VISITORS TO CLASSES

Parents are asked to please respect both the Directress and children's class time. If parents need to give their child a message or deliver something to them during the school day please drop it at the school office so as not to disturb the classes.

Parents who wish to observe or visit classrooms in progress should have the consent of both the child and the Directress. Visitors to the school should report to the office. Visitors wanting to observe a class will need to respect the observation procedures. Observations may take place from the second term onwards.

GENERAL COMMUNICATION

All general information that the school needs to communicate to parents from time to time, will be sent out as e-mail. If there are any urgent information that needs to be communicated, a WhatsApp or SMS message will be sent as well as an e-mail. In this regard, please ensure that the school administration has an up to date e-mail and telephone number for the relevant person to contact.

Pre-school - All relevant information on what is happening in class, the theme of the week etc. will be up on the notice boards.

Elementary School - Each child receives a communication book, diary or folder. The children are encouraged to read and write important notices or homework down in their diaries / books, as this develops planning and organisational skills.

Parents are asked to assist their children with their diary, by encouraging them to take care of it and to check it every day. Important notices are also pasted in the diary.
